

Gallup is pleased to announce that it has engaged the Being Human Group (BHG), based in Johannesburg, South Africa, to deliver Gallup's premier CliftonStrengths® coaching curriculum beginning 1 July 2019.

BHG will serve as Gallup's only training provider and licensed distributor of the curriculum in Africa.

This strengths coach training programme is the only course that leads to certification by Gallup, is recognised by HRCI, ICF and SHRM internationally, and comes with Gallup-approved training and materials. Once certified, coaches can then enjoy a host of exclusive benefits, including participation in Gallup's international directory of certified CliftonStrengths coaches.

Based on over four decades of research, CliftonStrengths is an invaluable opportunity to understand and apply the principles of strengths-based development so that individuals, teams and organisations learn, grow and develop. Through the partnership with BHG, both organisations will continue to advance the global strengths-development movement.

BHG empowers people, positively disrupts workplaces and changes the way people lead by using the science of strengths.

Gallup delivers forward-thinking research, analytics and advice to help leaders solve their most pressing problems. Combining more than 80 years of experience with its global reach, Gallup knows more about the attitudes and behaviours of the world's constituents, employees and customers than any other organization.
